For optimal organisation —

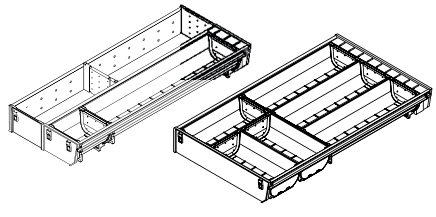
ORGA-LINE

Organise your storage space to meet individual needs using the adjustable ORGA-LINE system. Profit from interior organisation that is customised to the items being stored while, emphasising beauty, quality and durability at the same time.

The advantages of ORGA-LINE at a glance:

- Optimal storage space utilisation, customised to the item(s) being stored
- Complete sets make selection and ordering easier
- Special carcass widths provide flexible design options
- Stainless steel boxes and nylon parts that are durable and easy-to-clean
- Sets can be customised
- Can also be used with inner drawers and/or inner pull-outs
- Award-winning design

Cutlery inserts



ORGA-LINE cutlery compartments will provide proper organisation for your cutlery. The individual containers are dishwasher-safe and can be laid out to suit your needs.

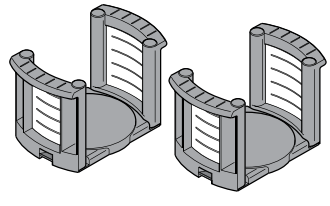
2

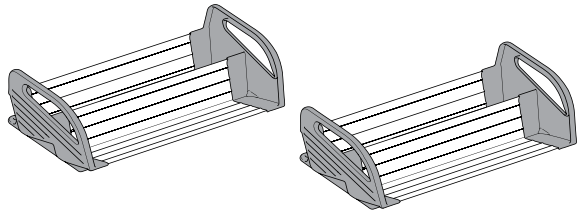
Plate holder



The Blum plate holder enables you to store, remove and transport plates ergonomically to and from the pull-outs of a base cabinet. The ORGA-LINE plate holder is the ergonomic solution for storing up to 12 dishes measuring between 18 and 32 mm.

blum

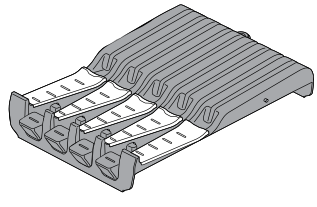
Spice holder



Spice holder is a great solution for storing all spices, in different sizes, and in one practical location. It is made from stainless steel and high-quality plastics which make the unit dishwashable. The slightly inclined position of the base makes the spices‘ labels easy to read.

11
blum

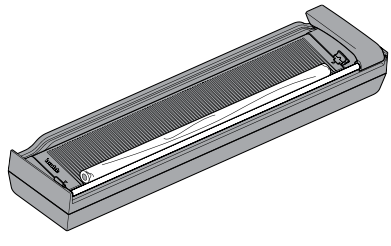
Knife holder



Store all your knives safely with ORGA-LINE knife holder which can hold up to four large knives and five small knives. This knife holder is usually attached to ORGA-LINE dividing system but can also be attached to the drawer using a base fixing bracket.

12

Film & Foil cutter



The new Film & Foil cutter facilitates tangle-free dispensing and provides a precise and efficient cut. Cling film or foil is kept in a high-quality nylon housing which can either be integrated into the ORGA-LINE inner dividing system or fitted in a drawer with a special connector.

ORGA-LINE

ORGA-LINE inner dividing systems are supplied in sets to suit almost every drawer size. They make optimal use of the storage space and adjust perfectly to the different storage items.

Lateral and cross divider sections are used for tall storage items in high fronted pull-outs.

ORGA-LINE for TANDEMBOX plus

Cross dividers and **centre wall** provide an overview, making it easy to store mixing bowls, bottles and cutting boards in one pull-out.

The stainless steel **drip tray** under the bottles is easy to remove and clean. Up to 55% more items can be stored in the drawer when high back and side panels are used.

ORGA-LINE for TANDEMBOX plus

With **lateral and cross dividers**, your provisions are well-arranged, will not tip over and are easily accessible.

With **cross and lateral dividers**, appliances are organised separately, providing direct access to all items.

22
21

ORGA-LINE for TANDEMBOX plus

Pots and pans, along with their lids are stored neatly inside the TANDEMBOX deep drawer with **ORGA-LINE cross dividers**.

design and colour

ORGA-LINE

Containers and utensil dividers are used for smaller items while the ORGA-LINE interior dividing systems make optimal use of the storage space and adjust perfectly to the different storage items. Lateral and cross divider sections are used for tall storage items in high fronted pull-outs.

ORGA-LINE for high fronted pull-outs were customised to match TANDEMBOX intivo in design and colour. This provides a harmonious appearance. The existing ORGA-LINE solutions can be used for standard drawers.

ORGA-LINE for TANDEMBOX intivo/antaro

No more searching for food items at the back of the shelf with **cross & lateral dividers** customised for TANDEMBOX intivo silk white and terra black. These ORGA-LINE dividers are used to separate and arrange your food storage items.

The **ORGA-LINE dividing system** helps you store a large number of plastic containers with a minimum use of space.

Storing your containers separate to your lids means it will always be easy to locate the right lid, without any hassle.

ORGA-LINE for TANDEMBOX intivo/antaro

The high fronted pull-out is especially well-suited for storing bottles of every size. Adjustable **ORGA-LINE cross dividers** ensure bottles are held securely in place. Easy access to oils, vinegars, marinades and dressings.

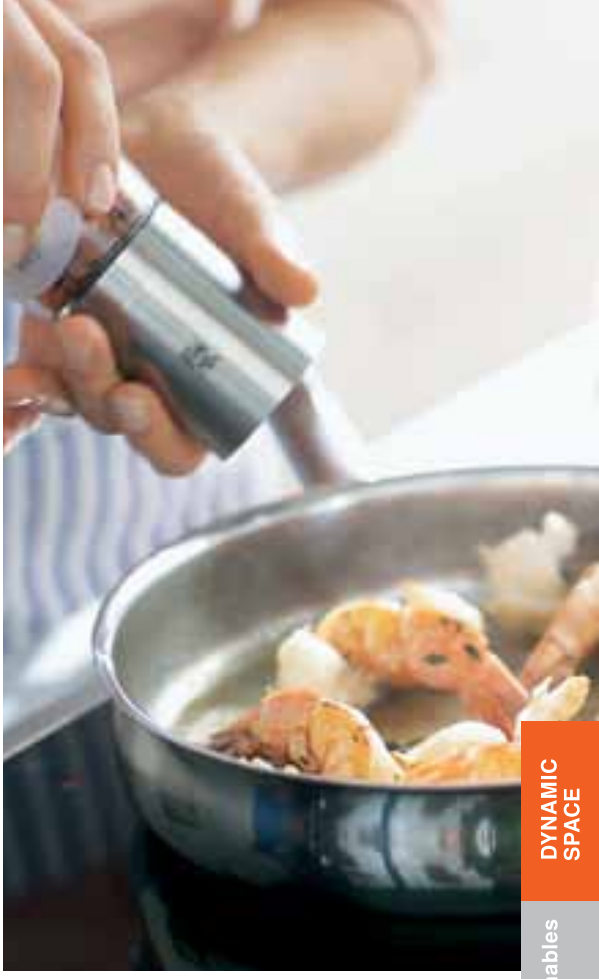
The **bottle storage for TANDEMBOX intivo** is also removable to provide easy cleaning.

Save space and improve accessibility by using **ORGA-LINE dividing walls** in storing baking trays and baking forms in a high-fronted pull-out.

Your consumer goods are neatly stored in a spacious high fronted pull-out furnished with **ORGA-LINE cross and lateral dividers**.

DYNAMIC SPACE

ORGA-LINE



in your kitchen

Bringing to life the kitchens of the future

Improved ergonomics, greater comfort and more fun in the kitchen – that is what our innovative products are all about.
Taking our direction from the needs of the kitchen user, we continue to find ways to add value and enhance the kitchen experience.
Our engagement with the needs of kitchen users worldwide and the results out of this research, we call "DYNAMIC SPACE ."

Learn more about this at:
www.dynamicspace.com

DYNAMIC SPACE®

For the best kitchen experience, use ORGA-LINE with the application of DYNAMIC SPACE in your kitchen.

Based on our findings, this is what we recommend for getting a functional kitchen:

- Ample, well-organised storage space using adjustable ORGA-LINE inner dividing systems.
- Well-organised workflow using the 5 zones of planning.
- Improved ergonomics using pull-out/drawers instead of shelves in the base cabinet.
- Optimal access and overview using full extensions and ORGA-LINE inner dividers.
- Improved quality of motion when opening and closing.

DYNAMIC
SPACE®

Consumables

As the name says, this zone contains consumables such as canned food, rice and pasta as well as refrigerated and frozen products. In simple terms, most grocery shopping is stored here.

ORGA-LINE for:

- Kitchen supplies

Non-consumables

This activity zone is used to store items such as dishes, glasses and cutlery. It is also an ideal location for “odds and ends” (i.e. stationery, pens, household papers, etc.)

ORGA-LINE for:

- Cutlery
- Odds and ends
- Plates & crockery
- Plastic containers

Cleaning

Cleaning zone accommodates bins for waste collection and storage as well as cleaning agents and utensils. The sink and dishwasher are also in this zone.

ORGA-LINE for:

- Cleaning utensils
- Cleaning materials
- Waste storage/ separation

Preparation

The main worktop is in the preparation zone. This is where most preparations are made. Items such as kitchen utensils, knives, small electrical appliances, chopping boards, spices and mixing bowls are all located in this zone.

ORGA-LINE for:

- Kitchen utensils, knives, small electric appliances
- Provisions
- Spices
- Bottles
- Cutting boards
- Bottes

Cooking

This activity zone contains the hob, oven, steamer, microwave, extractor hood, pots, pans, cooking utensils and baking trays.

ORGA-LINE for:

- Cooking utensils
- Pots, lids, pans and cooking utensils
- Baking ingredients
- Baking trays and baking ware

Provisions

Consumables zone

Consumables zone

Lateral and cross dividers in large drawers will provide better organisation and give a perfect overview of stored contents.

Consumables zone

The storage space in pull-outs can be properly organised using adjustable **ORGA-LINE cross and lateral dividers**. Provisions are safely stored and easily accessible even in very spacious high-fronted pull-outs.

With **ORGA-LINE cross and lateral dividers**, all you need is a quick look in your larder unit or full extension drawer to make your grocery list.

Tableware

Non-consumables zone

Non-consumables zone

High-quality **ORGA-LINE sets** with dishwasher-proof and stainless steel compartments provide proper organisation for your cutlery and all kinds of odds and ends.

The individual cutlery containers can be laid out to suit your requirements and are removable, making them suitable for buffets or garden parties.

With **ORGA-LINE**, the frantic search for the appropriate-sized container is over.

ORGA-LINE cross and lateral dividers provide excellent organisation in your pull-outs. The correct lid for the container is just easy to see.

ORGA-LINE cutlery accessories neatly store your miscellaneous items. Now everything is simple to find. ORGA-LINE is the perfect solution to eliminate clutter.

Non-consumables zone

Wouldn’t it be nice to know exactly where everything is?

Thanks to the **ORGA-LINE dividing system**, your non-consumables such as utensils, cutlery, glassware, and even plastic containers are located exactly where they should be – neatly organised inside your drawers.

10

Non-consumables zone

The **ORGA-LINE dividing system** helps you store a large number of plastic containers with a minimum use of space. Storing your containers separate to your lids means it will always be easy to locate the right lid without a fuss.

These adjustable **stainless steel inserts** keep all items in their place and make your odds and ends items easy to locate.

Spick and span

Cleaning zone

Cleaning zone

Cleaning zone

The **ORGA-LINE inner dividing system** from Blum transforms pull-outs under the sink into a good place to store a waste separation system as well as household cleaners. The inner pull-out provides space for rubbish bags, dishwasher soap tabs and much more.

Cleaning utensils should ideally be stored in the pull-out directly under the sink. With **ORGA-LINE cross dividers**, the space to the right and left of the sink bowl is fully utilised.

Dish soap, sponge and brush are always near to hand. No more lengthy searching with wet hands.

Cleaning zone

Cleaning materials are stored hygienically in the **ORGA-LINE bottle holder** and kept separate from the recycling/waste containers via a **dividing wall**. Now waste separation can be done without mess or fuss.

Food glorious food

Preparation zone

16
14

ORGA-LINE dividing systems provide organisation and secure storage for drawers with kitchen utensils, knives and small electric appliances. Everything that you need for preparing meals is securely stored here.

The **ORGA-LINE knife holder** safely stores up to nine knives of different sizes. Even large knives with heavy handles are held firmly in place thanks to the handle support.

Preparation zone

The high pull-out can now also be adapted to store cutting boards along with bottles. This highly practical solution makes it easy to find the right cutting board and saves unnessary bending and stretching. If the contents of one of the bottles leak then, no problem because the removable **stainless steel tray** of the ORGA-LINE set is very easy to clean.

Thanks to **ORGA-LINE**, provisions can now be organised alongside bottles in a pull-out. **High side walls and adjustable cross and lateral dividers** prevent bottles and provisions from falling over.

The heart of every kitchen

Cooking zone

Cooking zone

Cooking utensils that are used on a regular basis are best kept near the hob. The ORGA-LINE inner dividing system keeps all storage items well-organised. This way everything is close to hand right where it's needed.

Blum makes optimal storage space utilisation a reality in the Cooking zone by equipping pull-out systems with dividing walls. This makes it easier to access stored baking trays and forms.

The inner drawer above is the ideal place to store baking utensils.

Cookware can ideally be stored within easy reach of the oven and hob. With cross divider section, pots, pans and their lids are stored separately for quick and easy retrieval.

1
4
4
6

Cooking items that are used on a regular basis should be kept near the oven and hob. With **ORGA-LINE**, you can organise the interior of your high fronted pull-out so that pots and lids are stored together.

ORGA-LINE high back and side walls provide secure storage – preventing pot handles from jutting out. If need be, there is even additional space for commonly-used cooking utensils.

Do you bake a lot in the kitchen? Baking ingredients should be kept close to the oven and hob to save time and effort. All ingredients can be stored within easy reach in a spacious high fronted pull-out equipped with **ORGA-LINE cross and lateral dividers**.

Having baking ingredients nearby is only half the battle. You also need to have baking trays, cake tins, accessories and utensils close to hand. These can be stored in an upright position in a high fronted pull-out using **ORGA-LINE dividing walls**.

Perfecting motion

Blum turns the opening and closing of furniture into a graceful and enhanced experience. Several thousand Blum employees worldwide work continuously to bring to life our vision of perfect motion.
Placing the needs of the homeowner at the heart of everything we do, we strive for complete satisfaction. All our partners benefit from this unwavering focus.

For over 50 years, quality has been the highest principle for the development and manufacture of our products.

Our fittings systems epitomise excellent quality with their well-thought-out function, recognised design and high durability. They are designed to inspire and elicit fascination for perfect motion. We also set the bar very high for the services we offer. They must provide the best possible support to our partners. To target our efforts at all levels, we are in a constant dialogue with kitchen users and regularly exchange information with furniture manufacturers, joiners and distributors.
