There are Two Sides to Every Kitchen

The most obvious showcases the aesthetic choices: the materials, textures, colors and styles that reflect a person's tastes. The other side, hidden and quite often overlooked, either makes or breaks the heart of the home. Our research has shown that functional kitchens have three essential features: smooth workflows, enough storage space, and better motion.

www.blum.com/Ideas

Workflow – Convenience
Cooking utensils, open ingredients or flatware – Blum’s organizational systems provide order within your drawers, minimizing effort.

Space – Optimization
Wide, high and deep drawers use more of the space available. With AMBIA-LINE or ORGA-LINE, you can organize your storage space and tailor it to your needs.

Motion – Quality
Easy opening and silent and effortless closing drawers increase comfort in the kitchen. At Blum, this is achieved with state-of-the-art technology.
Create perfect order in any drawer with AMBIA-LINE. This storage solution system, with its narrow-frame design, offers various options for organizing the interiors of your drawers with simple elegance. AMBIA-LINE inserts can be combined to suit a wide range of cabinet widths. Use a damp cloth to clean all AMBIA-LINE products.
**Uniformity**

AMBLIA-LINE’s straight-forward design coordinates with our LEGRABOX system, providing a harmonious look and function to your drawer.

**Adjustability**

The flexible cross dividers can be easily adjusted to fit the size of the items being stored. Inserts and frames can be combined as needed.

**Versatility**

With the magnetic adapter plate, inserts can be positioned anywhere in the drawer; items can be clearly organized in all living areas.

**Accessories**

AMBLIA-LINE kitchen accessories help simplify workflows. These accessories help ensure everything is exactly where it’s needed.
AMBIA-LINE for LEGRABOX

With its reduced dimensions, AMBIA-LINE is particularly suited for LEGRABOX, the elegant box system, with straight and narrow drawer sides. Stylish and practical, AMBIA-LINE drawer organization system in Orion gray provides a clean, harmonious look and function to the interior of your drawer.
AMBIA-LINE for Flatware

Coated with soft touch, noise-dampening material, flatware is stored almost without making a sound.

AMBIA-LINE for Deep Drawers

The AMBIA-LINE deep drawer insert and the cross gallery divider system is versatile, allowing you to neatly organize a variety of kitchen items, ensuring perfect organization for your drawers. For additional stability, the steel adapter plate holds the insert securely in place.

The cross gallery rail can be custom cut to fit perfectly inside each drawer and assembles tool-free to the connectors and dividers. Once assembled, lateral dividers can be adjusted side-to-side to ensure a perfect fit every time. This system is particularly suited for large storage items such as pots and pans, or for securing waste or recycling containers.

Accessories for AMBIA-LINE

Knife holder: Stowed away safely, but always nearby, up to 9 knives can be stored neatly in the AMBIA-LINE knife holder.

Spice tray: Spices of various sizes can be neatly stored in the AMBIA-LINE spice tray without risk of tipping over. The right spice is always in clear view and close by.

Plate holder: With Blum’s plate holders, storing plates in a drawer is now possible. The holder keeps the plates neatly stacked without sliding around, and makes it easy to pick up the entire stack of plates for serving.

ORGA-LINE

With this adjustable organization system, everything is stored where it can be seen. Specifically designed for MOVENTO, TANDEM and TANDEMBOX, it fits in the space you have, and it can be rearranged to store the items you need. The customizable system is made of stainless steel trays and dividers, making it easy to adapt to any drawer configuration. The trays are also dishwasher safe, so keeping them clean is easy.
Flexibility
Trays and cross dividers can be arranged to suit your specific needs, and the trays can even be removed for setting the table.

Versatility
ORGA-LINE utensil dividers can be arranged as needed for a variety of applications throughout the home, not just the kitchen.

Practicality
The high quality stainless steel trays are easy to clean without damaging the material, even in the dishwasher — safe up to 170° F.

Accessories
ORGA-LINE kitchen accessories help simplify workflows. These accessories help ensure everything is exactly where it's needed.
ORGA-LINE for MOVENTO & TANDEM

This adjustable organization solution for wood drawers is ideal for storing items in the kitchen and throughout the home.

The spring loaded compensation tray and side rails ensure that each kit will fit into an inside drawer length from 19-1/4” to 20”.

The removable trays are made of high quality nylon and stainless steel, and are dishwasher safe up to 170° F.
ORGA-LINE for Flatware

This adjustable organization solution for wood drawers is ideal for flatware. The removable containers are perfect for setting the table or tossing in the dishwasher. Combine kits to suit wider cabinets.

To calculate inside drawer width available:

- **MOVENTO** Opening width* - 42 (1-1/32”)
- **TANDEM**
  - 13-16 drawer side thickness: Opening width* - 42 (1-1/32”)
  - 16-19 drawer side thickness: Opening width* - 49 (1-15/16”)

ORGA-LINE for Utensils and Odds and Ends

Top drawers often store utensils and odds and ends. With ORGA-LINE, your items stay neatly in place. This customizable system is made of nylon dividers and stainless steel trays, making it easy to adapt to any drawer configuration. The flexible utensil dividers ensure a perfect fit for items of every shape and size.

To calculate inside drawer width available:
MOVENTO Opening width* - 42 (1-21/32")
TANDEM 13-16 drawer side thickness: Opening width - 42 (1-21/32")
16-19 drawer side thickness: Opening width - 49 (1-15/16")

---

**Odds and Ends**
- Width 108 (4-1/4")
- Height 66 (2-5/8")

**Utensils**
- Width 108 (4-1/4")
- Height 66 (2-5/8")

---

**Odds and Ends**
- Width 302 (11-7/8")
- Height 66 (2-5/8")

**Utensils**
- Width 294 (11-9/16")
- Height 66 (2-5/8")

---

*To calculate Opening Width, refer to the MOVENTO/TANDEM brochure.*
**ORGA-LINE for Deep Drawers**

Storing items in a deep wood drawer is easy with ORGA-LINE. Items like pots and pans or plastic containers can be stored with their lids in one drawer, and the lids are always easy to find. If you ever change the items stored in your drawers, ORGA-LINE can quickly be rearranged, making it a great adjustable storage option.

To calculate inside drawer width available:

**MOVENTO Opening width** - 42 (1-21/32")

**TANDEM 13-16** drawer side thickness: Opening width - 42 (1-21/32")

**16-19** drawer side thickness: Opening width - 49 (1-15/16")

Blum's Zone Planner

Knowing how much storage space is needed allows for better planning. While all kitchens store the same basic needs, what makes each kitchen unique are the priorities and quantities of those storage items. The Zone Planner separates storage goods into five zones which allow you to consider what items you store and in what quantity.

www.blum.com/zoneplanner

Plan Ahead

Based on the DYNAMIC SPACE concept, Blum’s Zone Planner allows you to think about how your cabinets will function beneath the surface prior to selecting your cabinets. With this tool, ensure your new kitchen will be laid out efficiently and with plenty of storage space for the items you use most.

Customize

All kitchen storage items are organized according to zone. Move through each zone, selecting the items you want to store in your new kitchen. Ensure there is enough space designated for your items by selecting whether you have fewer, average or more of each storage item.

Save and Print

Save your storage list and come back to look over it later. After you have recognized what items you will need to store in your new kitchen, and in what quantity, print your results so you will be well prepared to meet with your kitchen designer and one step closer to a more efficient, comfortable kitchen.

Connect With Us on Social Media

Be sure to connect with us on social media for additional resources for information regarding tips on installation, maximizing storage space, new products and other news and events going on inside Blum.

Find us by searching “Blum Inc” in the search bar.
Real People, Real Solutions

Every day at Blum revolves around the desire to create a better experience for kitchen users. For more than 20 years, we have been researching the habits and lifestyles of homeowners around the globe. We pay attention to how users move in their kitchens and where they store their items. We pour that research into our products, considering function, quality and sustainability.

Kitchen Observations

We observe kitchens through the use of video cameras and questionnaires. A close look at everyday use reveals important insights and inspiration for new products.

AGE EXPLORER Suit

This suit allows the wearer to experience common physical limitations. We take this into consideration when developing our products, ensuring usability for years to come.

Put Your Kitchen to Work

Easy opening and silent, effortless closing in drawers increase usability in the kitchen. At Blum, this is achieved with state-of-the-art technology.
Why Choose Blum

Blum, Inc. is a leading manufacturer of functional hardware for the kitchen cabinet and commercial casework industries specializing in lift systems, concealed hinges and drawer runner systems. Virtually all of the hardware needed to assemble and make cabinets functional is available within the wide range of quality Blum products. Blum supports the U.S. market with a network of more than 150 dependable distributors, 50+ knowledgeable Blum sales representatives and an experienced customer service department.

Commitment to manufacturing in the U.S.
Blum manufactures many of its products in our 450,000 sq ft manufacturing, logistics and warehouse facility located in Stanley, North Carolina. Manufacturing closer to the customer allows Blum to react quickly to changing customer needs including unexpected surges in demand. Customer pickups and deliveries can be timed to better match their production schedules. Blum is committed to manufacturing in the U.S. for the U.S. market.

Product development at Blum considers all of the various customers who will come in contact with our products. With this “Global Customer Benefits” philosophy we strive to create advantages for all users.

Blum, Inc. is ISO 9001 certified which means that you are assured of consistent quality in every Blum product. They exceed the requirements of ANSI/BHMA standards for cycle life, static load and self-closing performance.
