the next generation
TANDEM plus BLUMOTION

Featuring four-dimensional adjustment
New TANDEM plus BLUMOTION

Blum’s new TANDEM plus BLUMOTION is the latest advancement in concealed runner technology. We have added true side-to-side adjustment and improved stability while maintaining our smooth running action and unmatched soft close.

Made in the USA

TANDEM plus BLUMOTION concealed runners are made in the USA at our North Carolina facility. This is just another example of Blum’s commitment to manufacturing products in the U.S., for the U.S. market.
Features

- New four-dimensional adjustment
  - Side-to-side
  - Height
  - Tilt
  - Depth
    - with optional locking device
    - with elongated holes

- Integrated BLUMOTION soft close

- Excellent stability and minimal sag, even when the drawer is fully loaded
Exceptional load capacity

TANDEM plus BLUMOTION concealed runners are designed to meet or exceed ANSI/BHMA test specifications with a 100 lb static load.
Four-dimensional adjustment

Precise alignment of drawer fronts is now easier — especially for inset applications.
Rear side adjustment

Front side adjustment
True side-to-side adjustment

Side adjustment can be made by hand in the front and rear to keep the drawer box precisely aligned in the cabinet. This prevents binding and maintains the smooth running action customers expect from TANDEM runners.

+/- 1.5 mm (front and rear)
Height adjustment

All locking devices have a tool-free height adjustment. This creates uniform lines throughout the kitchen.

+ 3 mm
Height adjustment
Tilt adjustment
Tilt adjustment

TANDEM plus BLUMOTION runners have tilt adjustment that corrects shingling of the drawer fronts that may occur during installation.
Depth adjustment

The new TANDEM plus BLUMOTION concealed runners offer two depth adjustment options. First, a depth adjustable locking device allows a more comfortable adjustment without removing the drawer. Second, the runners have elongated holes if additional adjustment is necessary.

With locking device + 2.5 mm
With elongated holes +/- 4.5 mm
Depth adjustment with locking device

Depth adjustment with elongated holes
TANDEM plus BLUMOTION concealed drawer runners are a perfect solution for any drawer. Vanities, closets, home office or furniture can also benefit from the smooth running action and soft closing of TANDEM plus BLUMOTION.

Throughout the home
Why choose Blum

Blum, Inc. is a leading manufacturer of functional hardware for the kitchen cabinet and commercial casework industries specializing in lift systems, concealed hinges and drawer runner systems.
