SERVO-DRIVE uno for top mount waste bin solutions

Even top mount waste bin solutions can be made compatible with SERVO-DRIVE uno, the electrical opening support system from Blum. Waste bin pull-outs are so fascinatingly easy to open in combination with a special back – a light touch is all that's required! And thanks to the convenient waste bins from ninka, keeping everything in the pull-out organised is child's play.

The waste bin system from ninka
The "eins2fünf" system from ninka includes bins in three different sizes with different volume capacities. The waste bin pull-out can be customised according to the customer's requirements and design wishes. The pre-mounted frame construction enables quick and easy insertion of selected waste bins.

ninka[®]

i The ideal addition to the waste bin pull-out

The pre-mounted individual set can be installed quickly and easily.

Assembly is quick and easy in combination with a special steel back.

Together with the waste separation system from our partner ninka, SERVO-DRIVE uno for top mount waste bin becomes an exciting solution!

i Note

ninka waste bins are not included in the Blum scope of delivery.
