CLIP top BLUMOTION 155°

Packed with functionality

CLIP top BLUMOTION 155° –

0-protrusion hinge for overlay application

The benefits of CLIP top BLUMOTION are integrated into the wide angle hinge with 0-protrusion. The simple appearance provides a perfect combination of the easy, 3-dimensional front adjustment and the usual high quality of motion. CLIP top BLUMOTION 155° features an integrated soft-close mechanism and is suitable for special applications, e.g. mitred applications.

High quality down to the last detail

BLUMOTION is integrated into the hinge arm

Switch for BLUMOTION deactivation

INSERTA for tool-free assembly of the boss

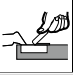

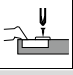

Matching boss cover caps – also in onyx black

Note
A trial application is recommended when combining CLIP top BLUMOTION hinges and CLIP top hinges with springs on small, light fronts up to 300 mm wide. It is recommended to use only one hinge type for wider fronts.
