LEGRABOX individual

- The ultimate in customisation: design to your heart's content
- Customised designs through colour and material mix, printing, lasering or embossing
- Pre-assembled order variant: the drawer sides can be ordered fully assembled in heights M, K, C and F with a correspondingly higher minimum order quantity
- Final assembly on site in heights M, K, C and F

Product overview

Colour and material mix

- Drawer side (interior): silk white matt, orion grey matt or carbon black matt
- Decorative element colour mix (exterior): silk white matt, orion grey matt or carbon black matt
- Decorative element material mix (exterior): Anti-fingerprint stainless steel
- Branding element (with design line) or with integrated branding (without design line), both optionally with your own logo

- Decorative elements (exterior): anti-fingerprint stainless steel, partially lasered, with Blum logo, custom logo or individual motifs
- Without design line

Embossing

- Colour and material mix possible
- Decorative elements (exterior): partially embossed, with Blum logo, custom logo or individual motifs
- Without design line

Printing

- Colour and material mix possible
- Decorative elements (exterior): partially or fully printed in different colours, with Blum logo, custom logo or individual motifs
- Without design line

The variants differ with respect to the framework conditions. The drawer side in height N is not included in the range of design options. We recommend selecting a drawer side in a colour that goes with the customised inner drawer side.

Lasering

- Drawer side (interior): silk white matt, orion grey matt, carbon black matt or anti-fingerprint stainless steel
