Memo

i   Programme

The cover caps are available for two combinations, drawer side K or C with back M.

The cover caps come in three colours, consistent with the LEGRABOX colours terra black matt (TS-M), orion grey matt (OG-M) and silk white matt (SW-M).
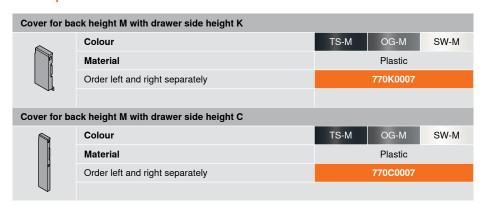

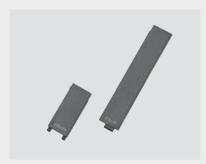

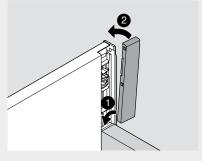

LEGRABOX – cover for back fixing

The cover cap provides a solution for special applications with back height M in combination with taller drawer sides. This will enable special applications, such as sink solutions, to be implemented with ease in future.

The cover for the back fixing can be implemented with wooden and steel backs, and can be clipped on to the relevant drawer side without the use of tools.

Order specification
