

storage wonders

Maximise your kitchen space to the max with Blum's smart storage solutions

A small kitchen does not necessarily equate to lesser storage space. With Blum's fine range of clever storage units, it'll help you to utilise every sliver of space efficiently. For instance, more often than ever, you lose the use of the space in the corner kitchen counter due to its awkward angle. Blum's SPACE CORNER drawers can combat that tricky corner with its clever ergonomic design. The drawers allow full extension which lets you access the items stored at the back at ease.

For storing provisions, be inspired by Blum's tall larder unit with inner drawers. 'Inner' means you can expect an excellent overview of all the provisions within each drawer. Therefore, you can squirrel items away in an orderly fashion and be more aware of the expiry dates as well. Another drawer that lets you stash away cooking essentials like spices, sauces, cutting boards in perfect order is the preparation drawer. Pair with the ORGA-LINE accessories such as nifty utensil dividers, spice holders and every item will have a place in these drawers!

Lastly, don't assume that the space beneath your sink is a goner! The TANDEMBOX sink unit specialises in using space directly underneath your sink and this makes a cosy niche for dishwashing and cleaning items. Add on a high-front pull-out unit at the sink base and voila, ample space for waste bins or more cleaning equipment like scrubs, sponges and washcloths.

All abovementioned BLUM storage units are equipped with the renowned BLUMOTION system and the optional SERVO-DRIVE feature. Hence, they glide open and close silently and effortlessly.
